47 Years of Fantastic Films
IMAX Film Festival
Grab some popcorn and enjoy a day of cinematic wonders as the Fleet screens your favorite films at this year’s IMAX Film Festival. From the depths of the ocean to the caldera of a volcano, each of these top-rated films will transport you to wondrous places with the breathtaking cinematography that can only be experienced in an IMAX dome theater.

The IMAX Film Festival is Sunday, February 23 and a different film will screen each hour from 11 a.m. to 6 p.m. Full schedule is available at fleetscience.org/events/imax-film-festival

Is Seeing Really Believing?
Challenge Your Perception in Illusions
Get ready to see colors and shapes where there aren’t any, faces appear from the strangest places and the simplest images lead to the most surprising revelations. Step inside the world of visual illusions and discover that it’s not what you see, but it’s how you see that truly matters. Opens February 15!

A Mindbending New Exhibition
Solve the Mystery of Mindbender Mansion
How good are you at mind puzzles, thinking outside the box and making quick decisions? You can test all these skills in Mindbender Mansion. Work your way through brain teasers and interactive challenges guaranteed to test the brain power and problem-solving skills. Hidden clues and secret passwords are hidden all throughout this quirky exhibition. Do you have what it takes to solve the puzzle?

CELEBRATING THE SPITZER SPACE TELESCOPE
The Spitzer Space Telescope is ending its mission after a successful sixteen year journey. This spacecraft mission documented the universe in infrared radiation at an unparalleled scale. We will celebrate the highlights of this mission as it comes to an end.

February 5:
7 & 8:15 p.m.

EXPLORE YOUR BRAIN
WITH THREE NEW ATTRACTIONS
IS SEEING REALLY BELIEVING?
EXPLORE YOUR BRAIN AT ILLUSIONS
ALL YOUR FAVORITE FILMS
THE IMAX FILM FESTIVAL IS BACK
And more! Look inside. >
NEW EXHIBITION! ILLUSIONS: IT’S NOT WHAT YOU SEE, IT’S HOW YOU SEE.
Find colors and shapes where there aren’t any, faces appear from the strangest places and the simplest images lead to the most surprising revelations. Step inside the world of visual illusions and discover that it’s not what you see, it’s how you see that truly matters. Opens February 15.

NEW EXHIBITION! MINDBENDER MANSION
Experience an eclectic place full of brainteasers and interactive challenges guaranteed to test the brain power and problem-solving skills of even the most experienced puzzlers in Mindbender Mansion. This exhibition is generously sponsored in part by The Kenneth T. and Eileen L. Norris Foundation.

NEW EXHIBITION! BRAIN: THE WORLD INSIDE YOUR HEAD
The exhibition takes you on a journey inside your head, providing a hands-on and up-close look at the human body’s most essential and fascinating organ. This exhibition is generously sponsored in part by The Kenneth T. and Eileen L. Norris Foundation.

DREAM! DESIGN! BUILD!
Explore the Fleet’s collection of engineering activities in Dream! Design! Build! These hands-on building opportunities invite people of all ages to dream like a visionary, design like an architect and build like an engineer.

IT’S ELECTRIC
It’s Electric brings the science and the history of electricity to life through interactive exhibits. Fundamental principles such as magnetic fields, electric charges and battery technology are explored through interactive stations that offer hands-on learning for the whole family. Bilingual.

SO WATT!
Explore different ways to generate electricity, learn how solar panels work and discover things you can do to conserve energy.

KID CITY
Kids ages five and under get to explore our working world in a safe learning environment. The colorful, hands-on cityscape includes a Grocery Store, Fire Station, Factory and Little Learners Lab, plus an Infants-Only Area. Bilingual.

NANO
Explore a small world where big science happens in this exhibition all about nanoscale science, technology and engineering. Bilingual. This exhibit was created by the Nanoscale Informal Science Education Network (NISEE).

POWER PLAY SAN DIEGO
Power Play San Diego challenges visitors to keep the power grid in balance while maximizing the use of renewable energy sources. Power Play San Diego was made possible through generous funding from SDG&E.

THE PULSEWORKS’ VR TRANSPORTER™
Experience the thrill of traveling in space without ever leaving the Science Center. The VR Transporter™ is an eye-popping, virtual reality adventure simulator that can take you to the Moon, out for a spacewalk, swimming with prehistoric beasts or zipping through the cosmos.

RETRO-ACTIVE SCIENCE
Explore the Fleet’s classic collection of hands-on science exhibits, guaranteed to engage your mind and appeal to your senses. Exhibits are designed for all ages and cover a variety of fundamental science principles, from light and perception to physics and engineering. Bilingual.

SAN DIEGO’S WATER: FROM SOURCE TO TAP
View the sources of San Diego’s water and the methods of delivering and processing this vital resource. Bilingual.

STUDIO X
Studio X is the space for Fleet visitors to eXplore, eXpress and eXperiment! Dream up your own creation and use the resources in Studio X to bring it to life.

SUN, EARTH, UNIVERSE
Sun, Earth, Universe is about our planet, the solar system, the universe and the big questions scientists at NASA are trying to answer about each. Bilingual.
