

FILM SCHEDULE

EUGENE HEIKOFF AND MARILYN JACOBS HEIKOFF GIANT DOME THEATER

GREAT BARRIER REEF
 Every year, millions of visitors travel by way of fins, flippers and feet to see the Great Barrier Reef. Now a new generation of reef guardians is committed to protecting this marine reserve and sharing their knowledge of this extraordinary ecosystem.

CC

2 p.m. DAILY **6 p.m. DAILY**

PANDAS
 At Chengdu Panda Base in China, scientists are dedicated to protecting the Giant Panda species. *Pandas* follows a cross-culture collaboration between an American biologist, a scientist from Inner Mongolia and a very curious female cub named Qian Qian.

CC **ES**

11 a.m. DAILY **3 p.m. DAILY**

Generously sponsored in part by The Hattie Ettinger Conservation Fund and San Diego County Community Enhancement Program.

JERUSALEM
 Discover the beliefs, history and traditions of Jewish, Muslim and Christian families from the perspectives of three teenage girls who live in Jerusalem. Archaeologist Dr. Jodi Magness explores extraordinary historical sites in Jerusalem to better understand the history of this crossroads of civilization.

CC **ES**

1 p.m. DAILY **4 p.m. DAILY**

VOLCANOES
 THE FIRES OF CREATION

Dodge boulders at the edge of an active volcano in Indonesia, descend to a lava lake in Vanuatu, visit the ghost town of Pompeii and witness the devastating effects of the recent Kilauea eruption in Hawaii.

Noon DAILY **5 p.m. DAILY** **7 p.m. DAILY**

Please note: No 7 p.m. show on January 2.

Generously sponsored and presented locally by The Shiley Foundation.

THE SKY TONIGHT
 PLANETARIUM SHOW

NEW HORIZONS FLY BY
 Remember the exciting images of Pluto from July 2015? Those images were from the New Horizons spacecraft, which has been continuing out into the solar system ever since the Pluto flyby. On January 1, 2019, the spacecraft will be flying by 2014 MU69. Join us to learn the latest results from the New Horizons mission to the outer solar system.

JANUARY 2:
7 & 8:15 p.m.

JANUARY 20 The Sky Tonight: Lunar Eclipse Edition

Join us at the Fleet on Sunday, January 20, to celebrate a fascinating lunar eclipse. Participate in solar system-themed, hands-on activities in the theater lobby. Enjoy a special viewing of one of the Fleet's most popular films, *Hubble*. Then the Fleet's resident astronomer, Dr. Lisa Will, will take you on a journey through our solar system and explain more about lunar eclipses during an exclusive presentation of the Fleet's The Sky Tonight planetarium show.

4-9:30 p.m.
 Fleet Science Center
 \$19.95

JANUARY HOURS & RATES

ADMISSION RATES	SPECIAL EXHIBIT
FLEET EXPERIENCE Includes one IMAX film and regular exhibit galleries.	FLEET EXPERIENCE + MYTHBUSTERS Add <i>MythBusters: The Explosive Exhibition</i> to your Fleet Experience.
Adult (13+) \$21.95	Members +\$2.95
Senior (65+) \$19.95	Nonmembers +\$5.00
Junior (3-12) \$18.95	

JANUARY 1-6
DAILY 10 a.m.-7 p.m.

Hours subject to change. Check our website when planning your visit.

The Fleet is open 365 days a year, including New Year's Day.

ENTRY & EXIT

EXHIBIT GALLERIES

DISCOVER EXOPLANETS: THE SEARCH FOR ALIEN WORLDS CLOSING JANUARY 21!

The Fleet is partnering with the San Diego Public Library to bring the universe to you! This amazing exhibition delves into NASA's search for habitable worlds beyond our solar system and how they may be like our own. Discover Exoplanets was developed by the Space Science Institute's National Center for Interactive Learning (NCIL) in partnership with NASA's Universe of Learning. This project was made possible through support from NASA, under cooperative agreement number NNX16AC65A.

DREAM! DESIGN! BUILD!

Explore the Fleet's collection of engineering activities in Dream! Design! Build! This exhibition features the classic favorite Block Busters, the versatile Fit-a-Brick Build Zone and the newest addition to the engineering interactives collection, ProtoPipe. These hands-on building activities invite people of all ages to dream like a visionary, design like an architect and build like an engineer.

IT'S ELECTRIC

The newest addition to the Fleet Science Center's permanent collection brings the science and the history of electricity to life through interactive exhibits. Fundamental principles such as magnetic fields, electric charges and battery technology are explored through interactive stations that offer hands-on learning for the whole family. Bilingual.

KID CITY

Kids ages five and under get to explore our working world in a safe learning environment. The colorful, hands-on cityscape includes a Grocery Store, Fire Station, Factory and Little Learners Lab, plus an Infants-Only Area. Bilingual.

MYTHBUSTERS: THE EXPLOSIVE EXHIBITION CLOSING JANUARY 6!

In this amazing hands-on exhibition, you can put myths to the test—just as the team from the popular *MythBusters* TV show has done for years! Use scientific observations and your own curiosity to search for the truth behind some commonly held beliefs. Bilingual. Generously sponsored in part by the Kenneth T. and Eileen L. Norris Foundation, Solar Turbines and the City of San Diego.

NANO

Join us to explore a small world where big science happens in this engaging exhibition all about nanoscale science, technology and engineering. Bilingual. This exhibit was created by the Nanoscale Informal Science Education Network (NISE).

POWER PLAY SAN DIEGO

Built exclusively for the Fleet, Power Play San Diego challenges visitors to keep the power grid in balance while maximizing the use of renewable energy sources. Power Play San Diego was made possible through generous funding from SDG&E.

RETRO-ACTIVE SCIENCE

Explore the Fleet's classic collection of hands-on science exhibits, guaranteed to engage your mind and appeal to your senses. Exhibits are designed for all ages and cover a variety of fundamental science principles, from light and perception to physics and engineering. Bilingual.

SAN DIEGO'S WATER: FROM SOURCE TO TAP

View the sources of San Diego's water and the methods of delivering and processing this vital resource. Interactive elements explore water conservation and preservation. Bilingual.

SO WATT!

Explore different ways to generate electricity, learn how solar panels work and discover simple things you can do to conserve energy.

STUDIO X

Studio X is an innovation maker space that offers tools, materials and inspiration. Drop in during any open studio hours to participate in the project of the day or attend the facilitated Make-It Workshop. You can also dream up your own creation and use the resources in Studio X to bring it to life. Studio X is the space for Fleet visitors to eXplore, eXpress and eXperiment!

Financial support for the Fleet Science Center is provided in part by the City of San Diego Commission for Arts and Culture.
