

SPRING CAMPS

Join Spring Camps at the Fleet, where new adventures await each day! Our science-themed spring camps provide exciting experiments, intriguing investigations and fantastic fun. (Oh—and don't tell the kids, but they'll be learning a lot, too!) Sign up for individual days or the whole week!

STEAM SPRING CAMPS

Each day of STEAM Spring Camp will incorporate important skills using science, technology, engineering, art and math. Campers will explore the museum's exhibit galleries and engage in hands-on activities.

Grades 1-3
Members \$60 per day; Nonmembers \$65 per day

- **March 25: In the Ocean**
Explore the big blue ocean, including water chemistry, boat building and more.
- **March 26: Up in the Air**
Up, up and away! This camp will fascinate you with flying objects and weather from above.
- **March 27: Thinking Green**
Experiment with hydropower, water filters and learn how to upcycle.
- **March 28: The Great Outdoors**
Rocks, trees, animal identifiers and more make this camp exciting for any adventurer!
- **March 29: Extreme Conditions**
Learn about extreme climates, like deserts and tundra, and discover what humans do to tolerate extreme situations.

COMPUTER SCIENCE AND TECHNOLOGY CAMPS

This spring, the Fleet Science Center and ThoughtSTEM have come together to bring you the ultimate week of camp that brings computer science and coding to life.

Grades 4-8
Members \$70 per day; Nonmembers \$75 per day

- **March 25: Coding for Pokémon Fans**
In this class, students will learn how to code a Pokémon-themed survival video game.
- **March 26: Coding for Star Wars Fans**
Explore your favorite characters, powers and dramatic moments and incorporate them into a battle arena video game!
- **March 27: Coding for Marvel Fans**
Create a battle arena video game that pits your favorite superheroes against your least favorite villains in an endless battle between good and evil!
- **March 28: Coding for Minecraft Fans**
Code your own game with day/night cycles, health bars and enemies like Creepers to hide from at night!
- **March 29: Coding for Fortnite Fans**
Learn how to code different features of Fortnite, like enemies, armor, weapons and potions into your own unique 2D games!
